

Balaclava Sock Hoods

CSH-FRK

CSH-WR

Comfort and coverage are paramount in the design of all Cementex balaclavas (sock hoods).

Balaclavas are an integral component of any Arc Flash PPE system.

- It protects the head and neck from the heat of an arc flash.
- It protects the skin and hair from burns that can be produced by the burst of hot air from any kind of electrical arc flash or blast.
