

# Holding Screw and Nut Starters

No more fumbling with hard-to-position screws! A simple twist of the alloy steel bit holds the screw firmly so it's ready for trouble-free starting.

- Mechanical screw starter for ferrous or non-ferrous screws.
- Spring-Loaded design allows for easy operation while wearing rubber insulating gloves
- Tool releases and resets automatically.
- Slender design for tight access and storage
- Composite style include opposing end magnet for retrieval
- Available in multiple sizes and bit tip configurations
