

Arc Rated Rainwear

Specifically designed for arc flash exposure and to minimize body burn percentage while exposed to extreme open flame hazards also known as flash fires. It is one of the most advanced systems in the safety apparel industry with its certification to both ASTM F1891 and ASTM F2733 standards.

Premium 10 oz/yd² FR Polyurethane (PU) moisture barrier with FR cotton weft knit fabric offers light weight, stretchable comfort that combines superior arc rating with hi-vis protection. FR Polyurethane (PU) is durable, flexible, and will not become brittle with age.

Jacket and Trench

Coat:

- Contoured collar with tuck away attached hood
- FR hook and loop wrist cuff adjusters
- Two reinforced front patch pockets with FR hook and loop closure
- FR mesh back vent allows for maximum airflow and breathability
