

Hooks and Probes

Cementex insulated hooks and probes are ideal for separating wires, removing small fuses, "O" rings, retrieving washers and loose parts too small to pick up with fingers.

Each hook and pick is made of high carbon polished steel in a permanently attached aluminum handle which is then double-insulated; tested to 10,000 Volts AC and rated for 1000 VAC / 1500 VDC protection.

Hook and Probes	
Hook Pick	IBP-7
90 Degree Pick	INP-7
Complex Pick	ICP-7
Straight Pick	ISP-7
Hook and Probe Set	HNP100-4
