

ULTRALITE SERIES

The Cementex UltraLite Series blends innovative design, tech and USA manufacturing to make the lightest, most comfortable Arc Flash PPE Task Wear available. The gray color not only allows for easy recognition of contaminated areas but has a significantly “cooler” feel in the outdoor sun.

This series includes many of the useful benefits of the “Feature Series” maximizing functionality, comfort and efficiency providing premium arc flash protection. We always consider how these items will be used in the field and how they will interact with other PPE such as insulating rubber gloves, hand tools, etc...

The UltraLite Series is available as **individual items** and conveniently configured **kits** to fit your specific requirements. We have many preconfigured kits that will satisfy most situations, however, custom kit combinations are available upon request and may include varying size of coat and pant and/or short or tall sizing.

Cementex UltraLite Task Wear is proudly made with USA labor and materials to ensure quality, consistency and peace of mind.

- Available in sizes S-5X with a standard inseam of 32"
- Meets current ASTM F1506 standards
- Meets current ASTM F1959/F1959M-99

UltraLite Sizing

Proper Measurement Points

- 1) **Sleeve** - Start at the back of the neck and measure along the top of the arm to the wrist
- 2) **Chest** - Measure under armpits and around shoulder blades at the widest part of chest
- 3) **Waist** - Measure loosely around waist where a belt would sit
- 4) **Inseam** - Measure the inside of the leg start from crotch to an inch below the ankle
