

Magnetic Tip Multi-Bit Screwdrivers

- 1,000 VAC / 1,500 VDC Double Insulated (Orange over Yellow)
- Cementex proprietary insulation material provides durable protection and ASTM F1505 and IEC60900 compliance
- Tapered insulation at working-end allows access to tighter locations
- Premium, plated, corrosion-resistant steel
- Internal flanges in handle provide solid, twist-resistant blade
- Snap-close storage handle for containment of bit tips

Standard Steel 1000V Insulated	
Part Number	Description
MTS-3	3" Shaft: 3/16" & 1/4" Cabinet, #1, #2 & #3 Phillips Tips
MTS-7	7" Shaft: 3/16" & 1/4" Cabinet, #1, #2 & #3 Phillips Tips
MTS-7CA	7" Shaft: 3/16" & 1/4" Cabinet, #2 & #3 Phillips, #2 Robertson Tips

Composite	
Part Number	Description
CMTS-6	6" Shaft: 3/16" & 1/4" Cabinet, #1, #2 & #3 Phillips Tips
MTS-6CA	6" Shaft: 3/16" & 1/4" Cabinet, #2 & #3 Phillips, #2 Robertson Tips
