

# Arc Flash: 12cal/cm<sup>2</sup> Feature Series

The Cementex Feature Series is designed for those looking for the next level of arc flash safety protection, comfort, and durability. Developed after years of research, our Level 2 Feature Series Task Wear provides premium safety and protection while offering the variety of clothing types and configurations preferred by top professionals. Made with 9oz. Westex® UltraSoft® and all FR Hook and Loop closures quick and easy removal are never an issue. Nomex® wrist cuffs prevent sleeves from slipping up when reaching and ensure proper coverage. There are no sacrifices made when selecting the Feature Series for complying with the Arc Flash PPE Level 2 requirements of OSHA, NFPA and CSA.

*The Features Series is available as individual items and conveniently configured kits to fit your specific requirements. We have many preconfigured kits that will satisfy most situations, however, custom kit combinations are available upon request and may include varying size of coat and pant and/or short or tall sizing.*

- Available in sizes Small - 5X (unless indicated) with standard inseam of 32"
- Meets current ASTM F1506 and ASTM F1959/F1959M-99 standards

### Coats/Coverall
