

## Goat Wrench

The 1000V rated utility and linework multi-purpose tool you need that gives the grip strength of an alligator wrench with the versatility of a multi-size utility wrench.

- Forged alloy steel body for strength and durability, with chrome plating for corrosion resistance.
- Serrated jaws that draw nuts, bolts, or pipes further into the throat under pressure, making it easier to grip and turn.
- Accommodates both hex and square nuts, offering flexibility in the field.
- Built-In Hammer: Saves space in tool bags and adds convenience for light striking tasks.
