Insulating Rubber Goods: Grounding Mats

The portable protective ground mat provides a method for workers to establish an equal potential zone for multiple grounding applications. The Ground mat is manufactured of vinyl polyester fabric, with high ampacity, tinned-copper braid sewn into the grid pattern.
The braided copper on the grid connects a six-inch termination stud on the corner of the mat. the ground mat is then bonded to the equipment being worked on by using a safe and reliable ground cable assembly.

- Three sizes available
- Bond multiple mats together
- Easy to store
- Reversible

CPGM-6610NS

CPGM-6610

Part Number	Description
CPGM-6610	Grounding Mat-Yellow: 58” x 58”
CPGM-6615	Grounding Mat-Yellow: 58” x 120”
CPGM-6620	Grounding Mat-Yellow: 120” x 120”
